Kickstart Scheme

I would like to take this opportunity to thank you and your team at Synergy for the successful completion of the Kickstart scheme in Redbridge. I must admit, I had mixed feelings about the scheme at first - it was too good to be true. But you and your team proved me wrong by your professional approach and successfully recruiting and training 16 local highly skilled Benefits, Revenues and Customer Services staff within tight time scales.

I was particularly impressed with the 6 day intensive training programme, the feedback from staff was excellent. The Kickstart scheme also enabled me to utilize our own staff, who would have otherwise been involved in a major recruitment exercise, to continue to maintain and improve our excellent Benefits Service. I would of course use the Kickstart scheme for all my future recruitment needs.

Yours sincerely,

Peter Ratnarajah
